In their Procs 9480-81 L.F 29-00 dated 29th January 1901, Govt sanctioned the renewal of the ~~sanctioned~~ lapsed grant of Rs 18993-15-3 from L.F. General for uncomplete and new works to be undertaken in 1900-190 subject to the submission of a detailed list of the latter by the Comr of the Bangalore District.

2. In the latter part of April 1901 the President reported that only Rs 3648-8-11 had been spent till then out of the above grant of Rs 18993-15-3 and requested Govt to authorize him to sanction drinking

water wells out of the savings expected from the grant, as there was a great demand for such wells at the time. (On 22nd June 1901, an enquiry was made as to the necessity for the D/ Com's reference, inasmuch as a large sum of Rs 15103 had been allotted for drinking water wells in January 1901, with an observation that if wells were required in places other than those for which the allotment had been made, he should have reported the fact in detail as to the lapsed grants for works undertaken and the works proposed to

Proc etc 17104 & 729.00 of 22/6/01 (Sl 16)

to be undertaken thereafter. It was also added that the necessity for new wells had perhaps ceased owing to the recent rains.

3. In reply the President reported that though there was not the necessity then for new wells, the demand for them had been very great in April 1901 and the then President sanctioned, in anticipation of the allotment of funds, new wells costing as ~~Rs 5,60,15-4~~ Rs 6344 in excess of the sanctioned grant and requested sanction to the amount as well as the excess expenditure of Rs 216-15-4 incurred on 2 of
